Dear Frank Snell,

It was ~~not~~ too bad not to  
acknowledge ~~the~~ book you so kindly sent me: I  
have been going to do so every day: but have  
been up to my venerable ears----not only No.  
4 of the Greyfriars books, which is to be  
called "Billy Bunter in Brazil", but other  
things such as discussions of the filming of  
the first Bunter book, which now looks like  
taking shape.

You were in luck with that heap  
of Magnets--I believe they go now at any price  
from 9d. to 2/6. Too modest to say that you were

alsoin luck in securing those old South  
Sea stories: but I am glad to hear that  
you have been enjoying them.

Cheerio,

With kind regards,

Frank Richards

I will tell you how I like the  
Rowe book when I return  
it later.
